Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Thursday 24 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mainly cloudy with rain at times. Feeling cooler.

This Evening and Tonight:
Cloudy with rain and drizzle overnight, perhaps becoming drier for a time. Low cloud will lead to some hill fog across the Pennines. A brisk northerly breeze will develop later, perhaps strong along coasts. Minimum temperature 8 deg C (46 deg F).

Friday:
Often cloudy with further outbreaks of light rain, perhaps a few showers developing later, and some bright spells near coasts. A much cooler day than Thursday. Brisk northerly winds. Maximum temperature 14 deg C (57 deg F).

Outlook for Saturday to Monday:
Mainly dry through the weekend and Monday with variable cloud cover and sunny spells. Feeling pleasant inland, but with cooling onshore breezes near coasts. Possible drizzle on Saturday over hills.
